MCI™ PROTECTAIR

FEATURES & SPECIFICATIONS

The wall mounted (or stand-alone) MCI™ PROTECTAIR is designed to improve indoor air quality by dealing with pollutants in a proactive way. The MCI™ PROTECTAIR produces aggressive ionized oxidizers and trademarked MCI™ multi-cluster ions that are then distributed throughout the home or office.

This trademarked MCI™ Multi-cluster Ionization Technology, using an enhanced output, represents the newest generation of proactive air purification, is completely safe, unlike high levels of ozone, and effectively destroys mold, mildew, bacteria, viruses, odors, volatile organic compounds (VOCs) and the odors associated with them in the air and on surfaces.

When used as part of a holistic solutions protocol, the MCI™ PROTECTAIR provides a comfortable indoor air environment. This particular air purifier is designed to cover approximately 12,000 cubic feet of living environment. (1,500 square feet with 8' ceilings)

MAIN FEATURES

- Ball bearing brushless quiet axial fan motor.
- Exclusive MCI™ (Multi-Cluster Ionization) technology to attack mold, bacteria, VOCs and odors. This unit includes the patented DBI (dielectric barrier ionizer) cell.
- One or Two powerful DBI (Dielectric Barrier Ionizer) three year cells
- MERV4 annual replacement filter to meet ASHRAE 52.2 Standard.
- Universal AC/DC power supply plugs to either 110V or 12V.
- Energy efficient low 12voltage operation.
- Unique design provides maximum coverage for conditioned space.
- Powder coated white gloss metal exterior with security screws for clean look and security.

APPLICATIONS

- Crash worthy for RVs, Ambulances, Buses, schools and harsh environments where durability and security are needed but attractive enough for commercial/residential environments.

SPECIFICATIONS

- Electrical (UL Certifications)
- Ozone Output: negligible from DBI cell
- 100V/50Hz converted to 12V low voltage, 3.4W operation
- Trademarked MCI™ Multi-cluster Ionization Technology
- MERV4 Filter

PACKAGING

Unmarked Carton (packaged 2 to a case)
11"x11"x5" 279.4mm x 279.4mm x 127mm

6.0lbs., 2.721kg
